

Berkeley
UNIVERSITY OF CALIFORNIA

IEEE Power and Energy at UC Berkeley's 2021 Fall Seminar Series

Prof. Daniel Kirschen
10/27/21, 9:00 am PDT

Prof. Steven Low
11/5/21, 12:00 pm PDT

Prof. Line Roald
11/12/21, 12:00 pm PDT

Prof. Mahnoosh Alizadeh
11/15/21, 4:00 pm PDT

All of the talks will be conducted as video conferences. The recordings can be found at:
<https://www.ocf.berkeley.edu/~powerandenergy/events.html>

UC Berkeley IEEE Power and Energy is UC Berkeley's student-operated IEEE chapter for power systems, power electronics and industrial applications. Our goal is to continue to grow UC Berkeley as a center for power and energy research by hosting a speaker series and social events that foster the community of power and energy researchers.
